Cochrane Database of Systematic Reviews consists of original material written by members of the Cochrane Collaboration. It's articles may be published in database form, but it functions like an online journal: Numbered issues are published 12 times a year, and each article has it's own doi. Note that the year of publication does double duty as the volume number. Source of this explanation: www.apastyle.org

Singh, J., Kour, K., & Jayaram Mahesh, B. (2012). Acetylcholinesterase inhibitors for schizophrenia.

Cochrane Database of Systematic Reviews, 2012(1), 1-101. doi:10.1002/14651858.CD0007967.pub2
