STEP Grant Program

The State Trade Expansion Program (STEP) is a national export initiative which makes matching-fund awards to state entities to assist small businesses in entering and expanding into international markets. In Tennessee, STEP is administered by the Tennessee Export Initiative (TEI) at Belmont University. This grant program is funded in part by the Small Business Administration (SBA) and through the efforts of the Tennessee District Export Council (TDEC), a non-profit organization established to support and promote the expansion of export opportunities for Tennessee companies and to serve as a communication link between the business community and the U.S. Commercial Service. Funded in part by the U.S. Small Business Administration, the main objectives of STEP are to increase the number of U.S. small businesses that export, increase the value of exports, and increase the number of U.S. small businesses exploring significant new trade opportunities.
